

*It is desired, by Sir Paul Neile, it may be
insisted on ;*

That Mr. *Savile's* Case, and his being the same as to the Election by those authorised by the Charter, they may not be separated, but both or neither accepted, and that for these Reasons.

1. That although after the Mayor had collected the Votes of all the Aldermen, and declared Mr. *Savile* and Sir *Paul Neile* to be unanimously chosen Burgeses, to serve in Parliament, for the Town of *Newark*; Mr. *Savile* had Voices given for him by many persons, not impowered to choose: yet that signifies nothing, for if the Charter be good, none but the Mayor and Aldermen have Votes; and of these, they had each of them all the same Votes.

2. The Kings Charter gives this Priviledge of choosing to the Mayor and Aldermen onely, and if in this point his Charter be not good, there can be no Burgeses at all chosen by the Town; for it were very hard to say, the Kings Charter is good, and that the Town shall have Burgeses, but that they shall not be chosen by such as the King directs to choose, but by others, to whom the King gives no such power: For certainly this being a free gift of the Kings, it must either be accepted upon his terms, or not at all.

And in order to this, he desires that Counsel may be heard, to justifie the restriction of the Election, by the Mayor and Aldermen onely, to be good in Law, and according to Presidents.
